A. Styhre : Financing Life Science Innovation: Venture Capital, Corporate Governance and Commercialization before purchasing it in order to gage whether or not it would be worth my time, and all praised Financing Life Science

Innovation: Venture Capital, Corporate Governance and Commercialization:

Financing Life Science Innovation reviews the literature on venture capital, corporate governance, and life science venturing and presents a study of the Swedish life science industry and the venture capital investors being active in financially and managerially supporting life science start-up firms.

About the Author Alexander Styhre is Professor and Chair of Organization Theory and Management, School of Business, Economics and Law, University of Gothenburg. Alexander's research interest include knowledge-intensive organizations and innovation work. He is author, co-author, and co-editor more than 20 books.
