**Eileen T. Allison-Napolitano : Flywheel: Transformational Leadership Coaching for Sustainable Change** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Flywheel: Transformational Leadership Coaching for Sustainable Change:

Leadership coaching that moves beyond the status quo How does leadership coaching lift people and programs beyond the demands of the status quo? What does it mean to serve as a "thought partner" for colleagues at the helm of meaningful change? Dr. Elle Allison shows how successful processes, along with leadership coaching leads to

creative and goal-meeting cultures. Named for a physics term that refers to sustainable energy in the absence of its source, Flywheel offers leadership teams the following outcomes: Emerging leaders through meaningful work  
Deep implementation of your best initiatives  
Better interactions and relationships  
An engaged and committed workforce  
Increased ownership and accountability  
Innovative and inspired thinking

"Dr. Elle Allison has once again brought her knowledge, passion, and energy to the coaching world to give us another layer that builds on her previous highly successful works. In a world of ever mounting educational challenges, Dr. Allison's work brings refreshing clarity in understanding transformational leadership coaching. Our school district continues to be totally committed to a coaching model and Dr. Allison provided the direction that started our journey. Her guidance showed us the possibilities of what coaching could do to create systemic, long-term, and sustainable change. And there was no looking back. Leadership coaching fully supports our district's vision, structures meaningful work, brings energy to the work, and builds capacity in our administrative teams, lead teachers, and classroom teachers. Transformational coaching is the most compelling model in the coaching literature and will sustain the meaningful change needed to improve instruction and provide world-class educational opportunities for students. Thank you, Dr. Allison." (Debbie Lee, Executive Director of K-12 Curriculum and Instruction)

"Flywheel is powerful, practical and empowering. Elle Allison-Napolitano effectively provides the reader with a deep understanding of the tools and strategies of Leadership Coaching that support meaningful and productive conversations in educational environments. Leaders will be inspired to apply the 'Powerful Coaching Conversation' process to promote growth, enhance performance and to transform the culture of their schools by investment in collaborative, sustainable change." (Doreen M. Corrente, Executive Director)

"Flywheel is a must read for any professional hoping to make organizational change through leadership coaching. Elle Allison-Napolitano's writing is engaging with rich stories, strong research and easy to follow instructions that will build leadership capacity in any organization." (Dr. Ann W. Davis, Clinical Assistant Professor)

"I know there are a lot of 'brands' of coaching out there, but Flywheel puts together the skills of great coaching that makes it appealing and manageable for people who may never have thought of themselves as a leader who could coach. Flywheel has synthesized the craft of coaching to a form that is both understandable and accessible to anyone wanting to support others in their important work." (Tracee Grigsby-Turner, Supervisor of Professional Development)
