Pascal Quiry, Yann Le Fur, Antonio Salvi, Maurizio Dallochio : Frequently Asked Questions in Corporate Finance before purchasing it in order to gauge whether or not it would be worth my time, and all praised Frequently Asked Questions in Corporate Finance:

The definitive question and answer guide to understanding corporate finance From the team behind the popular corporate finance website, Vernimmen.com comes a concise guide to the subject, presented in an easy-to-use, highly accessible "question and answer" format. An essential reference for students of corporate finance and practising corporate financiers alike, Frequently Asked Questions in Corporate Finance answers key questions in financial engineering, valuation, financial policy, cost of capital, financial analysis, and financial management. Covering both

the theory and practice of corporate finance, the book demonstrates how financial theory can be put to use solving practical problems. What advantages are there to a business looking to spin off its divisions into subsidiaries? Is there a formula that can be used to determine the change in normalised free cash flows? What are the possible reasons behind a share buyback? What are the pros and cons of off-market share buy-back? Filled with the answers to all of the most common, and not so common, questions about corporate finance, the book presents authoritative, reliable information from a respected team of experts from the banking, corporate, and academic worlds.

From the Back Cover In Frequently Asked Question in Corporate Finance the author team behind *Corporate Finance: Theory and Practice* – now in its third edition – and the vernimmen.com website use their extensive experience in investment banking, corporate finance and academia to address the most frequently asked questions in corporate finance. The book covers the theory and practice of corporate finance, and demonstrates how to use financial theory to solve practical problems. Key topics include: Financial engineering Valuation Financial policy Cost of capital Financial analysis Financial management By providing a short and a long answer to each question, *Frequently Asked Questions in Corporate Finance* allows the reader to extract the appropriate information with ease, making it a convenient and useful reference for students of corporate finance and practising corporate financiers alike. About the Author Pascal Quiry is a professor of finance at the leading European business school HEC Paris, and a managing director in the Corporate Finance arm of BNP Paribas specializing in M&A. Maurizio Dallochio is Bocconi University Nomura Chair of Corporate Finance and Past Dean of SDA Bocconi, School of Management. Yann Le Fur is a corporate finance teacher at HEC Paris business school and an investment banker with Mediobanca in Paris after several years with Schroders and Citi. Antonio Salvi is Full Professor of Corporate Finance at Jean Monnet University, Italy. He also teaches corporate finance at EMLyon Business School and SDA Bocconi School of Management. Pierre Vernimmen who died in 1996, was both an M&A dealmaker and a finance teacher at HEC Paris. His book, *Finance d'Entreprise*, was and still is the top-selling financial textbook in French-speaking countries and is the forebear of *Corporate Finance: Theory and Practice*.
