There are some great tips and it is jam packed with info, so I suggest people read it anyway and get out what they can. This was the book of the time in 2011 I believe. There is still some relevant stuff, but so much is out of

play in 2015. Stuff just changes too quick online for this to still be relevant. Still if you have an extra weekend, give it a read and highlight what you can it can only help. 0 of 0 people found the following review helpful. WRONG! The only thing that is 'different' about it is that 2013 is paperback and 2011 was hardcover. Aside from that ALL OF THE CONTENT IS IDENTICAL. Very disappointing! Hope this helps anyone else wondering if this edition has more good ideas and updated info ... save your money ... IT DOESN'T.
