Lessons by Which to LiveBy Every1sMomThe information in this book applies not only HR managers, but to many peoples' work atmospheres, volunteer situations, and to everyday life as well. It can help cut down on the drama one experiences in dealing with others. Chapters are organized to be

succinct, with specific real-life examples and ways to go about implementing the remedy. The circumstances presented are those an HR manager is trained to handle but to which one may become jaded after repeated infractions, rendering the solutions ineffective.
