Richard Lehne : Government and Business: American Political Economy in Comparative Perspective before purchasing it in order to gage whether or not it would be worth my time, and all praised Government and Business: American Political Economy in Comparative Perspective:

0 of 0 people found the following review helpful. Five StarsBy MHvery good. awesome.a message is quite touched.0 of 0 people found the following review helpful. Five StarsBy Starrgreat thanks0 of 3 people found the following review helpful. Great service.By Cecil FlorescaI should not have to type in 20 or more words just to rate this. It

discourages people to rate products.

In this thoroughly updated edition, Lehne takes a comparative approach, evaluating the U.S. political economy with respect to those of Great Britain, Germany, Japan, and the EU. The book provides detailed historical context for, and a conceptual understanding of, the business-government environment, and then clarifies the roles of the major actors and outlines the regulatory and policy frameworks. Along the way, Lehne probes some of the most crucial dilemmas facing government and business today.

About the Author Richard Lehne is professor of political science at Rutgers University and a Senior Fulbright Scholar at the University Heidelberg. He was previously a member of the Faculty for the Doctoral Program in International Business at the Rutgers Graduate School of Management.
