**Charles K Coe : Governmental and Nonprofit Financial Management** before purchasing it in order to gage whether or not it would be worth my time, and all praised Governmental and Nonprofit Financial Management:

0 of 0 people found the following review helpful. A barely coherent review of gov. financeBy TJ McThis book is a haphazard smattering of paragraphs on gov. financing with no clear theme or purpose. There is now too much of the technical skills (I.e., math and accounting) needed to actually understand this subject.Also, if you're interested in the non-profit aspect, find a better book. There is a sentence or two hastily stuck on the end of each section explaining "oh yeah, and non-profits do it this way."0 of 0 people found the following review helpful. Five StarsBy Kindle

CustomerExcellent0 of 0 people found the following review helpful. Five StarsBy JayThis book is beyond boring..but in good condition

Governmental and Nonprofit Financial Management makes it easy for both nonprofit and governmental managers to understand essential governmental and nonprofit financial management topics and their various subfields. Understand the similarities and differences between governmental and nonprofit financial management standards and procedures Learn multiple cost-saving techniques Explore highly technical financial management subfields, from auditing and financial analysis to capital budgeting and risk management Use over 40 applications to calculate everything from T-bill yield to lost cash discounts Benefit from the in-depth coverage mdash; an excellent primer for the non-accountant Bonus! Apply what you have learned by completing problems, cases, and report writing exercises at the end of each chapter.
