Kilgarriff It was by chance I came across this book and was pleased to see Hill had written a book about having peace of mind while at the same time becoming wealthy. Compared to Think and Grow Rich, this book sheds more wisdom on the journey to becoming wealthy. Hill points out that making a lot of money just does not give you the key to happiness. It is important to find ways to serve others and use the "Golden Rule" method and "Law of Compensation" that will bring you not just good

fortune but opportunities and blessings beyond what you could imagine. Every idea and thought begins in the mind and working with the power of belief and with service in mind you can achieve great things. It's a book that was written towards the end of Hill's life and so he gleaned more wisdom beyond what was offered in *Think and Grow Rich*. The book offers a balanced and healthy viewpoint on how to become wealthy. 0 of 0 people found the following review helpful.
