**Joel Levitt : Handbook of Maintenance Management** before purchasing it in order to gage whether or not it would be worth my time, and all praised Handbook of Maintenance Management:

0 of 0 people found the following review helpful. Four StarsBy bkGood0 of 0 people found the following review helpful. Five StarsBy Edgardo TorresGood book, for those who work on Industrial maintenance.0 of 0 people found the following review helpful. Five StarsBy Charlygood

Now in its second edition and written by a highly acclaimed maintenance professional, this comprehensive and easy-to-understand resource provides a short review of all the major discussions going on in the management of the

maintenance function. This revision of a classic has been thoroughly updated to include advances in technology and thinking and is sure to be found useful by maintenance professionals everywhere. It's the perfect reference for any maintenance professional that needs a quick update on any specific area within the subject. Contains five entirely new chapters, including Dealing with Contracts, 5S, Lean Maintenance, PM Optimizing, and Fire Fighting. Offers a complete survey of the field, an introduction to maintenance and a review of maintenance management. Provides a manual for cost reduction and a primer for the stockroom. Includes a training regime for new supervisors, managers and planners.

From the Inside Flap The field of maintenance is hard to approach because the language is strange. Now in its second edition and written by a highly acclaimed maintenance professional, this comprehensive and very user-friendly resource introduces the fundamentals of maintenance and allows the outsider to understand the jargon. This revision of a classic has been thoroughly updated to include advances in technology and is sure to be found useful by maintenance professionals everywhere. FEATURES - Offers a complete survey of the field, an introduction to maintenance and a review of maintenance management. - Provides a manual for cost reduction and a primer for the stockroom. - Includes a training regime for new supervisors, managers and planners. About the Author Joel Levitt is known worldwide as a leading educator in maintenance management. He has trained more than 17,000 maintenance professionals from thousands of organizations in 25 countries. He has more than 30 years of experience in many facets of maintenance. Since 1980, he has been president of Springfield Resources, a management/consulting firm servicing clients on a wide range of maintenance issues. Levitt is a frequent speaker at maintenance and engineering conferences, has published dozens of articles on the subject, as well as a number of successful books, including *The Complete Guide to Preventive and Predictive Maintenance*; *The Handbook of Maintenance Management*; *Lean Maintenance*; *Managing Factory Maintenance*; and *Managing Maintenance Shutdowns and Outages*.
