This HBR Guide is the first I have ever bought. It's a good fundamental book to read but it is very limited in details. It touches briefly on a lot of very important topic...enough for you to want to search out additional information. Like my rating suggested, "it's okay."

The formatting on the Kindle addition of this book is terrible. Some pages have numerous different fonts of varying sizes on the same page. Honestly, it looks like someone just threw this together over a weekend. Besides the formatting, there isn't much here. It's a bunch of blog posts collected and sold as a book. The posts are short, and the book itself is very short. When I opened the book on Kindle Cloud Reader, with an average sized font, I counted only 78 pages of text, many of which were only partial pages. Save your money.

IS YOUR WORKLOAD SLOWING YOU—AND YOUR CAREER—DOWN?
Your inbox is overflowing. You're paralyzed because you have too much to do but don't know where to start. Your to-do list never seems to get any shorter. You leave work exhausted but have little to show for it. It's time to learn how to get the right work done.
