Ford R. Bryan : Henry's Lieutenants before purchasing it in order to gage whether or not it would be worth my time, and all praised Henry's Lieutenants:

0 of 0 people found the following review helpful. Short biographies.By E.K.PickeringA little too simplistic and each article was too short. But the basic information was good and I learned quite a bit. More than a few of the people I had never heard of.I liked the information of their former houses street addresses. I don't live in Detroit anymore but it would have been nice to drive by some of those places.1 of 1 people found the following review helpful. Book reviewBy J. MunsieGreat book for anyone interested in the story behind the people that made the Ford Motor Company. Written as a collection of short bios, with photos, of these people. Often gives their addresses at the time, which makes viewing their hones in Dearborn and Detroit fun.0 of 0 people found the following review helpful. Five StarsBy gentileGreat book, very informative. It arrived quickly and wrapped with care.

Although Henry Ford gloried in the limelight of highly publicized achievement, he privately admitted, "I don't do so much, I just go around lighting fires under other people." Henry's Lieutenants features biographies of thirty-five "other people" who served Henry Ford in a variety of capacities, and nearly all of whom contributed to his fame. These biographical sketches and career highlights reflect the people of high caliber employed by Henry Ford to accomplish his goals: Harry Bennett, Albert Kahn, Ernest Kanzler, William S. Knudsen, and Charles E. Sorenson, among others. Most were employed by the Ford Motor Company, although a few of them were Ford's personal employees satisfying concurrent needs of a more private nature, including his farming, educational, and sociological ventures. Ford Bryan obtained a considerable amount of the material in this book from the oral reminiscences of the subjects themselves.

About the Author Ford R. Bryan is a historical researcher for the Henry Ford Museum Greenfield Village Archives and Library. He is the author of *Beyond the Model T: The Other Ventures of Henry Ford* and *The Fords of Dearborn: An Illustrated History*.
