**Martin G. Jagels : Hospitality Management Accounting** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hospitality Management Accounting:

0 of 0 people found the following review helpful. Five StarsBy Customerexcellent book, very handy, especially when you in preparing hotel finance spread sheetwell done0 of 0 people found the following review helpful. good book, learned aBy Lani Oneeded it for a class, good book, learned a lot0 of 0 people found the following review helpful. Excellent!By Yin Kan LiBrand new as it said in the description.

The success of every business in the hospitality industry depends on maximizing revenues and minimizing costs. This Ninth Edition continues its time-tested presentation of fundamental concepts and analytical techniques that are essential to taking control of real-world accounting systems, evaluating current and past operations, and effectively managing finances toward increased profits. It offers hands-on coverage of computer applications and practical decision-making skills to successfully prepare readers for the increasingly complex and competitive hospitality

industry.

From the Back Cover The success of every business in the hospitality industry depends on maximizing revenues and minimizing costs. Hospitality Management Accounting, Ninth Edition continues its time-tested presentation of fundamental concepts and analytical techniques that are essential to taking control of real-world accounting systems, evaluating current and past operations, and effectively managing finances toward increased profits. Hospitality Management Accounting, Ninth Edition continues to define managerial accounting with new features, such as: Detailed and consolidated coverage of straight-line, units-of-production, sum-of-the-year's-digits, and double-declining-balance depreciation methods Updated material on inventory control methods, with emphasis on perpetual inventory A sequential presentation of statement of cash flows and working capital New end-of-chapter exercises and problems Hospitality Management Accounting, Ninth Edition offers hands-on coverage of computer applications and practical decision-making skills to successfully prepare readers for the increasingly complex and competitive hospitality industry.
