Laurence G. Boldt : How to Find the Work You Love before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Find the Work You Love:

0 of 0 people found the following review helpful. Enjoyed other books on this topic betterBy Not So Serious ReaderIt was ok, a bit dated. Enjoyed other books on this topic better.2 of 2 people found the following review helpful. Destiny CompassBy TariqExtremely well written and thought through. The book helps you prepare for the emotional minefield we all face when determining our own outlook towards choices available in different professional careers. I would read this book before undertaking any start of a career or a change in professional direction.1 of 1 people found the following review helpful. Thought-provoking Observations and ExercisesBy AndagiHe addresses topics that most career books never consider. Boldt's unique and creative approach challenges the reader's misconceptions about work and life.

Technological advances and the global marketplace are changing the way we live and work. Doing the work you love is the critical factor to personal fulfillment and economic success. No one understands this more than Laurence G. Boldt, whose *Zen and the Art of Making a Living* helped many carve out new and rewarding career paths. But how do you find the courage to start the search for a new career? And how do you tap into your own best resources to discover what you want to do and what you're good at? This remarkable guide offers simple yet profound strategies to help you answer those questions by focusing on four key elements to be sought in any life's work: Integrity, Service, Enjoyment, and Excellence. Boldt has reduced the quest for meaningful work to its essence and will lead you to an understanding of what you could and should be doing with your life.
