From Springer : HSBA Handbook on Ship Finance before purchasing it in order to gage whether or not it would be worth my time, and all praised HSBA Handbook on Ship Finance:

This book is a major work that focuses exclusively on ship finance and includes contributions on the increasingly complex field of ship finance, which has over the last two decades become a key aspect in the world of shipping and ship owning. The book offers an enlightening mix of theoretical analysis and well-founded practical insights into the daily markets. Given that ship finance continues to develop dynamically around the world, the book covers subjects

ranging from the German KG market to Islamic Finance, from loans to legal aspects and from asset pricing to risk management.

From the Back Cover This book is a major work that focuses exclusively on ship finance and includes contributions on the increasingly complex field of ship finance, which has over the last two decades become a key aspect in the world of shipping and ship owning. The book offers an enlightening mix of theoretical analysis and well-founded practical insights into the daily markets. Given that ship finance continues to develop dynamically around the world, the book covers subjects ranging from the German KG market to Islamic Finance, from loans to legal aspects and from asset pricing to risk management.

About the Author About the Editors: Dr-Ing Orestis Schinas is the Professor of Shipping and Ship Finance and Head of the Maritime Business School of the Hamburg School of Business Administration (HSBA) since 2008. He has served in senior and top-management positions and has a vast experience in the maritime and logistics industry and has offered his services to private and public entities as well as to international organizations. His professional career includes large corporate and business development projects as well as advanced research assignments in the maritime and port sectors. He holds a Dipl-Ing degree in Naval Architecture and Marine Engineering (NTUA, 1994), a Masters in Shipping Management (WMU, 1998) and he was awarded the doctoral title in 2005 (NTUA) for his thesis on Ship Finance. His work is published in major business and academic journals.

Dr. Max Johns is Managing Director at VDR German Ship owners' Association in Hamburg. He is teaching ship finance at the Maritime Business School of the Hamburg School of Business Administration (HSBA) since 2008. He holds BA and MA degrees from Université Paul Valéry Montpellier III in France, an MBA from KU Leuven in Belgium and was awarded the doctoral title from the University of Tübingen in Germany. He publishes frequently on maritime issues.

Carsten Grau is German lawyer - Rechtsanwalt- and Solicitor (England Wales). He has practiced maritime and corporate law in Bremen and Hamburg since 1998 and specializes in advising corporate entities and individuals in all areas of maritime business. At HSBA, he is module responsible for the maritime law contents in the MBA Shipping programme. He holds a law degree from the University of Hamburg and a German and Liberian Master Mariner License.
