Steven Collings : IFRS For Dummies before purchasing it in order to gauge whether or not it would be worth my time, and all praised IFRS For Dummies:

2 of 2 people found the following review helpful. Concepts are presented with clarity. By P KRISHNA REDDY I came across this book in site and preview was undertaken, then I came to know that this book has valuable content. Immediately, I ordered for this book. I have gone through first 4 chapters and convinced that there is conceptual clarity. We need not search for required matter, because all required things are highlighted in the book. It is useful for the novice and experienced in application of IFRS principles. I recommend this book to all those dealing with financial statements. 0 of 0 people found the following review helpful.
