**Satya Pal Sharma Mounica Vallabhaneni : Indian Financial Systems** before purchasing it in order to gage whether or not it would be worth my time, and all praised Indian Financial Systems:

A dynamic financial system helps in the development of a country. Indian Financial System has become dynamic in the last two decades through continuous transformation. The main objectives of this transformational change are to be compatible with the ever-changing economy and be competent with other nations's financial systems. The change is apparent by the range of financial institutions serving the customers and businesses; instruments and services that are available to cater to the needs of the economy and the financial markets, which form a bond between the buyers and sellers. This book is intended to furnish complete information about the main features of Indian Financial System, various financial markets, services and instruments. This book caters to the need of under-graduate and postgraduate

courses in Commerce and Management. The book is organized in five modules and each one provides a broad view of various aspects of Indian Financial System. The book focusses mainly on the aspects relating to organizations, institutions and regulatory bodies.
