From Springer : Innovations in Governmental Accounting before purchasing it in order to gage whether or not it would be worth my time, and all praised Innovations in Governmental Accounting:

New Accounting and Management challenges for Public Entities require a continuous introduction of innovations and reforms in accordance with new international trends, techniques and experiences. In order to carry this out, extensive knowledge of Innovations in Government Accounting and Reporting, International Standards, Performance Evaluation

Developments and relevant national experiences will without doubt be indispensable. The purpose of this book is to present an updated overview of the most useful and innovative International Experiences in Governmental Accounting, Reporting and Control. The content of the volume is the result of high-quality contributions from prestigious researchers and public sector professionals, presenting a perspective on the current state and foreseeable evolution of International Government Accounting. The book is primarily aimed at public sector managers, accountants and researchers, although financial analysts, administrators, auditors, and graduate students will also find it highly relevant.
