Thummuluri Siddaiah : International Financial Management (Old Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised International Financial Management (Old Edition):

International Financial Management blends the core concepts and theories of international finance with practical applications and examples. With its coverage of real-world data, recent developments in the world of finance, and

examples of financial and economic practices and policies in the Indian as well as the global context, the book is designed to help the reader understand the implications of financial theory for decision making.
