Ping Xie, Chuanwei Zou, Haier Liu : Internet Finance in China: Introduction and Practical Approaches (China Perspectives) before purchasing it in order to gage whether or not it would be worth my time, and all praised Internet Finance in China: Introduction and Practical Approaches (China Perspectives):

This book is about internet finance, a concept coined by the authors in 2012. Internet finance deals specifically with

the impacts of internet based technologies, such as mobile payments, social networks, search engines, cloud computation, and big data, on the financial sector. Major types of internet finance include third-party payments and mobile payments, internet currency, P2P lending, crowdfunding, and the use of big data in financial activities. Internet finance is highly popular and heavily discussed in China. Chinese Premier Li Keqiang made the healthy development of internet finance a policy priority in 2014 state-of-union address. This book, as a detailed report on internet finance in China, will help readers understand the status quo and development of China's financial system.
