Win: Earn Keep Profits in Bull Bear Markets with the GainsMaster Approach:

How to maintain a bullish portfolio--no matter where the market goes Invest to Win revolutionizes the way investors approach the markets by offering a more profitable alternative to the old buy-and-hold strategy that leaves many people destitute in this age of market crashes. Acclaimed financial educators Toni Turner and Gordon Scott bring together their sought-after teachings for the first time to give motivated investors an edge in uptrending and downtrending markets. At the heart of it all is the extraordinarily simple and effective GainsMaster investing method, which you can use both to protect your assets and take immediate action on profit-making opportunities. Keep this book by your side while you monitor the markets, define risk, and develop your action plan by: Evaluating companies based on quarterly financial reports as well as chart analysis Accurately recognizing market signals that foreshadow drops in the market Exiting investments at precisely the right target price to lock in gains and set up your next position The authors' holistic treatment includes chapter-end sections addressing the emotional side of wealth management so you will always stay inspired to Invest to Win.
