His investment strategy was very insightful and made me think twice about certain aspects of my investing. Great read! The authors do an excellent job explaining investment vehicles/strategies and providing context to real-world situations where John invested. Great first book! Apply Mr. Templeton's lessons to your life and investments and you will be successful. 0 of 0 people found the following review helpful. Five Stars By D Paul Alf if you are an investor this book is a must. 0 of 0 people found the following review helpful. Excellent Book By Bernardo Guerios I think this book is excellent not only for some insights about Templeton's investment philosophy but also for the broad understanding of the Templeton's life and belief. Of course, this is not a technical book that intends to teach investment in a professional level. The catch here is to learn about the life of a man who excelled in all walks of life.

“To buy when others are despondently selling and to sell when others are avidly buying requires the greatest fortitude and pays the greatest ultimate rewards.” -Sir John Templeton Called the “greatest stock picker of the century” by Money magazine, legendary fund manager Sir John Templeton is revered as one of the world's premiere value investors, widely known for pioneering global investing and out-performing the stock market over a five-decade span. *Investing the Templeton Way* provides a never-before-seen glimpse into Sir John's timeless principles and methods. Beginning with a review of the methods behind Sir John's proven investment selection process, *Investing the Templeton Way* provides historical examples of his most successful trades and explains how today's investors can apply Sir John's winning approaches to their own portfolios. Detailing his most well-known principle investing at the point of maximum pessimism- this book outlines the techniques Sir John has used throughout his career to identify such points and capitalize on them. Among the lessons to be learned: Discover how to keep a cool head when other investors overreact to bad news Become a bargain stock hunter like Sir John-buy the stocks emotional sellers wish to unload and sell them what they are desperate to buy Search worldwide to expand your bargain inventory Protect your portfolio from yourself through diversification Rely on quantitative versus qualitative reasoning when it comes to selecting stocks Adopt a virtuous investment strategy that will endure in all market conditions

From the Back Cover *The First Insider Look Into Sir John's Investing Strategies* Sir John Templeton is “The greatest stock picker of the century.” -Money “Sir John Templeton's savvy went beyond that of the investment world. A mother asked him what was the best investment advice she could give her son, and he responded 'to tithe.' He encouraged me and others to seek the spiritual truths that are every bit as incontrovertible as the physical laws that impact our universe, and then make a commitment to live by them. He was a giant not only in his 'out of the box' investment acumen, but also for his understandings of the broader issues of life.” -Foster Friess, Founder/Fund Manager, Friess Associates Inc. “Sir John Templeton knows well the royal road to riches for passive investors. First, be price conscious-buy bargains. Second, focus on the long term outlook. Third, don't pay attention to the short term outlook knowing that most bargains are created when the near term outlook is poor to clouded. *Investing the Templeton Way* provides an excellent road map for investors who seek to get into the details of how best to emulate Sir John and his fabulous success.” -Martin J. Whitman, portfolio manager, Third Avenue Value Fund “Through his generous counseling sessions at Lyford Cay in our early days, his sagacious investing, and personal example, Sir John inculcated more important principles into our culture at Southeastern Asset Management, Inc. than any other. Similarly, *Investing the Templeton Way* offers the novice as well as the professional invaluable guidance that will make you a better investor. It should not only be read, but absorbed.” -Mason Hawkins, chairman and chief executive officer, Southeastern Asset Management, Inc., advisor to the Longleaf Partners Funds About the Author Lauren C. Templeton is the sole owner of Lauren Templeton Capital Management, LLC. She is the founder and Chairman of the Southeastern Hedge Fund Association, Inc. Scott Phillips is the lead analyst and portfolio manager of the Lauren Templeton Global Maximum Pessimism Fund.
